Lucidi e Pevere

Una lampada in cemento che proietta un fascio di luce diretta e puntuale sul piano sottostante. L'esclusivo amalgama di cemento, dall'aspetto materico al contempo grezzo e raffinato, è arricchito di pigmenti per ottenere le diverse colorazioni.

A lamp made of concrete, to project a direct beam with precision onto the surface below. The exclusive concrete mix, with a simultaneously rugged and refined look, is enhanced by pigments to obtain different colours.
