Volumi leggeri che contengono la luce e al contempo la lasciano filtrare nello spazio. Una lampada a sospensione con doppia sorgente luminosa a LED che illumina il piano sottostante, creando contemporaneamente magici giochi di luce e ombre su pareti e soffitto.

Light-weight volumes that contain light while at the same time allowing it to seep through into the surroundings. A suspension lamp with a double LED light source that lights the surface underneath it, simultaneously creating magical games of light and shadows on walls and ceilings.
