

COMPONENT GUIDE: GARDEN BOLLARDS

Pole with Spike Unit: The bollard is connected to the adapter using standard plugs delivered with the fixture. Length of enclosed cables: 5m. Put the spike into the ground and let the enclosed cables run over the ground. *Plug and play.*

Pole with anchor unit: Fixed in concrete. Use installation cable. Installed by a certified installer.

Pole with baseplate: For surface mounting. Use installation cable. Installed by certified installer.

Note:

The adapter is positioned externally from the bollard. Maximum distance to last bollard is 30m.

Bysted: The adapter can run up to 4 bollards.

Flindt: The adapter can run up to 6 bollards.

HOW TO ORDER:

For Spike Variants:

Power supply, purchased separately, includes a plug for a standard US outlet and 5-foot cable to connect to bollards. Power kit sku #10000158965.

10000158965 consists of below, which automatically is added to the order when ordering 10000158965:

10000158830 - DRVR CV 100W UNI 24VDC CORDS + PLUGS

10000158831 - MI US GARDEN POWER SUPPLY 100W W-CONN

For Anchor & Baseplate:

Power supply, purchased separately, with glands for electrician-provided conduit. The power supply runs on 120-277V input. Power kit sku #10000158964.

10000158964 consists of below, which automatically is added to the order when ordering 10000158964:

10000156739 - DRVR CV 100W UNI 24VDC CONDUIT ENTRY OUT

10000156764 - MI US GARDEN POWER SUPPLY 100W 24VDC

FLINDT GARDEN BOLLARD

SHORT / LED 2700K 6.5W / 24V / Black texture / - / Anchor w/o power supply / - / 5747408889

The fixture emits a wide downward directed glare-free light. The light source rests at the top inside the asymmetric carving on the side of the bollard, where the gradient serves as a reflector that softens the light and forms a pleasant organic shape on the ground below.

Christian Flindt

Christian Flindt (1972-) graduated with an MAA and MDD from Aarhus School of Architecture in 2002. He then started his own design company in 2003. Here, he placed high emphasis on communication between people, and his focus on this area finds expression in his approach to re-evaluating furniture.

Product info

Environmental Product Specification

This product is compliant with the requirements contained in the European Directives, RoHS Directive 2011/65 and 2015/863. This product is designed so that 100% of the product can be disassembled and reused.

Information

Electrical: System Wattage: 6.5W LED Wattage: 6.0W Delivered lumens: 215-291 lm Efficacy: 33.1 - 44.7 lm/W
 Certifications: cULus, Wet Location Protection class IP65 IK class 06 BUG Rating: B0-U2-G0 Color Rendering: Ra>80 LED is non-dimming. Low Voltage power supply 24VDC is remote mounted for multiple bollards per supply. Spike mounted bollards use provided weather-proof cables and connectors for above-ground runs. Plug and play. Anchor or Base mounted bollards: installation determined by certified electrician with below ground cabling and conduit. Consult factory for remote power supply information; maximum bollards and cable distances.

Mounting

The bollard requires a separate, 24V DC power supply. Choice of 3 different mounting types. Spike mounted bollard(Plug&Play): For use in soil or gravel; includes weather-proof cables and connectors for above-ground runs. Anchor mounted bollard(certified electrician): for casting in new concrete pad. Base mounted bollard(certified electrician): Includes baseplate for anchoring to decks and floors. Anchor or Base mounted bollards: installation determined by certified electrician with below ground cabling and conduit.

Finish

Natural painted aluminum or corten colored. Textured surface, powder coated.

Materials

Top: Cast aluminum. Reflector part: Cast aluminum. Post: Extruded aluminum. Base plate: Cast aluminum.

Materials & Finishes

MATERIALS

Top: Cast aluminum. Reflector part: Cast aluminum. Post: Extruded aluminum. Base plate: Cast aluminum.

FINISHES

Natural painted aluminum or corten colored. Textured surface, powder coated.

Mounting

The bollard requires a separate, 24V DC power supply.

louis poulsen

Choice of 3 different mounting types.

Spike mounted bollard(Plug&Play): For use in soil or gravel; includes weather-proof cables and connectors for above-ground runs.

Anchor mounted bollard(certified electrician): for casting in new concrete pad.

Base mounted bollard(certified electrician): Includes baseplate for anchoring to decks and floors.

Anchor or Base mounted bollards: installation determined by certified electrician with below ground cabling and conduit. For mounting instructions, see download section on the product detail page.

Information
